GLOCK Introduces the new GLOCK Pistol Model G43

GLOCK Ges.m.b.H. announces the launch of its newest product – the GLOCK Pistol Model G43.

The G43 is the newest member of the slimline subcompact pistol family and the smallest 9x19 pistol GLOCK has ever introduced. Engineered with the GLOCK perfection promise, the G43 pistol presents confidence that fits into every lifestyle with its ultra-concealable profile and versatility.

Perfect for first-time buyers and enthusiasts, the G43 features the Safe Action® system and is backed by torture-testing that has made GLOCK a name synonymous with innovation and reliability.

The GLOCK slimline pistol G43 will be available for purchase starting from April, 2015. For further information, please contact your local GLOCK partner.
